LOOKING FORWARD

- **Deepen engagement** with the 36 countries already implementing the Country Engagement Strategy
- **Initiate engagement** with a new set of countries
- Increase country capacity through climate knowledge, tools, data, and capacity-building **resources easily accessible, drawing out and share lessons and successes** generated through our country engagement work.
- Expand capacity to support members in **mobilizing and guiding public and private finance**
- Facilitate **access to finance outside of development cooperation frameworks**
- **Pilot activities** to test best methods of finance mobilization
- **Gender** remains a priority

THANK YOU.
